

The Hopkins Centre
Research for Rehabilitation and Resilience

HabiTec

Professor Elizabeth Kendall
Director, The Hopkins Centre

Mary Whitehead
Director of Occupational Therapy
Princess Alexandra Hospital

Bold ideas. Better solutions.

Metro South Health

A joint initiative of the
Division of Rehabilitation, Metro South Health, and
Menzies Health Institute Queensland, Griffith University.

www.hopkinscentre.edu.au

The HablTec Lab

Awareness
Evidence
Bespoke Design
Innovation

Ethically expediting the application of technology to rehabilitation and disability.

A safe place to stimulate ideas and share knowledge about advances in disability-related technology.

Co-designing, creating and refining personalised technological solutions to common challenges.

Promoting and supporting innovation in rehabilitation and disability.

Why #HabITec @ PAH

- Idea driven by consumer experience and shaped by consumer partners
- Delivers tangible benefits to patients through service outcomes that assists our patients to do the things they need and want to do (off shelf or bespoke)
- Resources clinicians with what's possible
- Enables solutions to real life dilemmas through industry partnerships/ experts/ influencers and enablers
