

2 FACE-TO-FACE WORKSHOPS

- Tuesday 15 November, 10am-12:00pm &
- Tuesday 29 November: 9:30am – 12:30pm

This 2-part workshop* series is hosted by The Hopkins Centre in collaboration with ABI TRS, Metro South Health:

Workshop 1 will present an evidence-based service delivery framework for vocational rehabilitation for adults with ABI, and the clinical tools used to implement the framework in transitional community rehabilitation in Queensland.

Workshop 2 will be a formal implementation workshop. Participants will be supported to

- Identify components of the framework that can translate to their clinical setting
- Learn to apply specific frameworks and tools to create a plan for implementation.

We welcome registrations to this workshop series from rehabilitation clinicians and health service planners interested in vocational rehabilitation for adults with acquired brain injury.

Workshops will be held in-person at Griffith University, Southbank, Brisbane. [Register HERE.](#)

Please note: Places are limited for these workshops, we will work to ensure an equitable distribution for attendees. You must be able to attend both workshops. This FREE event is sponsored by The Hopkins Centre. The tools, resources, manual and
